A Note From Our Board Chair

Friends of FAN,

I am so proud to report another successful year for the Family Access Network. We had a record breaking luncheon, a successful fundraising event in Terrebonne supporting our Redmond advocates, and another fantastic wine event in May, just to name a few highlights.

Thank you to our board members, staff, volunteers and donors for allowing us to continue to support the FAN advocates in doing the amazing work that they do directly in our schools. During the 2016-2017 school year our FAN advocates worked with community partners to support over 9,000 children and family members, providing linkages to housing, food, heating assistance, and much more. We are committed to this community by clearing roadblocks so that children can come to school prepared to learn. We hope that you will help us continue with this mission.

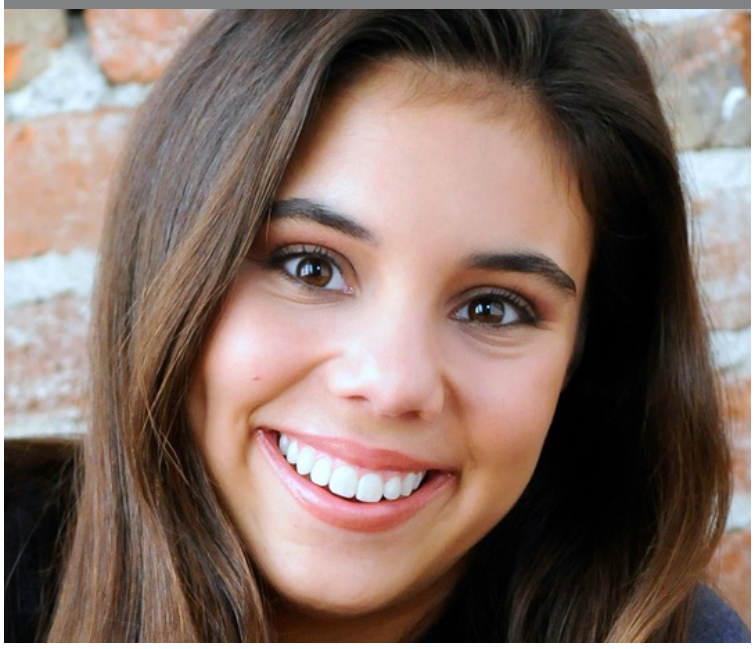
Lastly, I am honored to pass the torch to Valerie Yost as the new FAN Foundation Chair for the 2017-2018 school year. She has been an invaluable board member for five years and has led our Luncheon Committee through our most successful luncheons to date.

If you are looking for new ways to support our cause or get involved, please contact us. Thank you for being a part of our work to support local children throughout the year!

Sincerely,
Brooke Garcia
FAN Foundation Board Chair

A FAN STORY

"Maria"



Maria had been struggling and knew she needed to find some help. She met with her FAN advocate and talked about her situation. She did not have any clothing that fit and more importantly was struggling with her vision during school. Maria also needed assistance accessing healthcare. She explained that although she needed help with all of these areas, she also wanted an opportunity to "give back" to the community out of appreciation for getting help herself. The advocate worked with a local partner to provide Maria clothing, helped her receive vision assistance, and connected her with the local School Based Health Center.

Maria talked with the FAN advocate about her interest in the dental field and discussed being bilingual. The advocate linked her with the Kemple Clinic, a local non-profit dental office. Maria contacted the Kemple Clinic and is now thrilled to be an on-call translator for them, allowing her to give back to a community that has also helped her.

FAN services expand in Crook County!

Thanks to the support of the Crook County School District and FAN Foundation, we now have advocates at the elementary, middle and high schools in Prineville.

Each school year the FAN program leverages more than $200,000 in community donations, including food, dental services, hygiene items, clothing, and much more. We couldn't do our work without our 100+ community partners!

In the words of a parent...

"I am so thankful for FAN's support. My children no longer sleep on the floor and it is all due to FAN! Thank you!"
