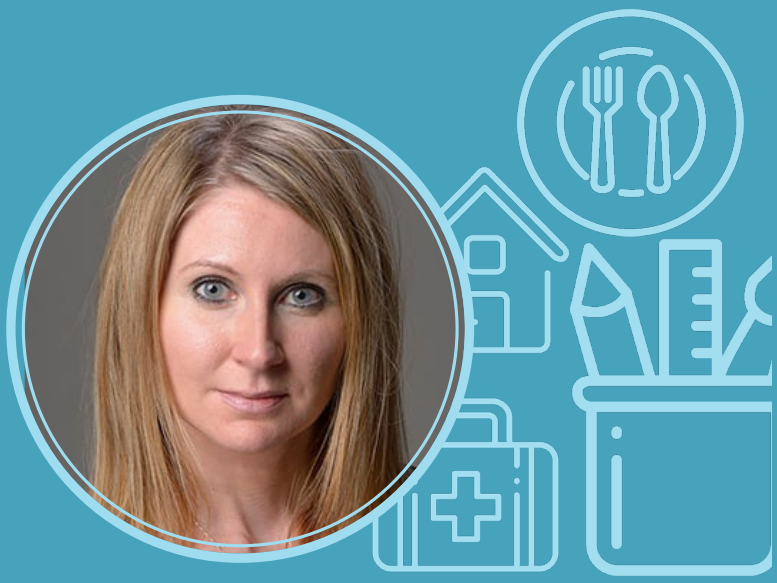
Mission

To offer assistance, possibility and hope to Central Oregon families in need by connecting them with crucial resources that will help children flourish in school and in life.

"I appreciate all you do for us. I don't know where I'd be without the help you've given to my family. Thank you from the bottom of my heart!"



LETTER FROM THE BOARD CHAIR

Watching our FAN advocates in action is a powerful reminder of what true dedication looks like—something I'm fortunate to witness as Chair of the FAN Foundation Board. FAN advocates are a bridge between our vulnerable youth and amazing community partners who are willing to help over and over again.

When a young student needed proper footwear to participate in volleyball, her FAN advocate stepped in, helping her feel included and confident among her teammates. Two brothers were able to sleep in real beds for the first time in their young lives. A high school senior—who never believed graduation was within reach—found a safe place to live, connected with a food pantry, and proudly walked with her Class of 2025, thanks to the unwavering support of her FAN advocate.

These are not just stories; they are lives being changed forever.

I continue to be inspired by the resilience of our community and the incredible willingness to lift one another up. Your contributions have created real, lasting change for children and their families throughout Central Oregon.

We are deeply grateful for your partnership in this essential work. Your dedication to our mission helps build a brighter future, one act of kindness at a time.

Emilie's Story

A South County family came to their FAN advocate in September, struggling with unstable housing and the burden of the rising cost of living. With three young daughters, one facing severe health issues, including a heart defect, the weight of medical bills had caused them to become unhoused. They shuttled back and forth between two campgrounds, living there in their trailer until they reached the limit on the length of stay and had to move again.

When they learned their daughter would need open heart surgery in Portland, the mom approached her FAN advocate and asked for help. The cost of transportation there and back was a strain on their already tight budget. The South County FAN advocate was able to give gas cards totaling $100 for their journey to Portland. While they are still working with FAN on their precarious living situation, the family can rest easy knowing their burden for transportation has been significantly diminished.
