LETTER FROM THE BOARD CHAIR

Friends of FAN,

Kids that go without basic needs lack confidence and the ability to concentrate on their job; getting a good education. That's why Family Access Network (or FAN) exists. Our FAN advocates are in local schools, giving families one individual working on their behalf. Removing roadblocks. Creating hope. Stopping the cycle of poverty. This past school year, our amazing advocates worked with over 9,000 children and family members doing just that.

FAN's impact on our community is clear. And as our region continues to grow, so does the need. That's why we're so grateful to the individuals, businesses, foundations and organizations that support our work each year. I'm happy to report that we met our fundraising goals again this year and are financially healthy, poised for growth. Thank you to everyone who has contributed to this success.

It's been an honor serving as the FAN Foundation Board Chair for the past two years. I'm passing the reins to our incoming Chair, Alisa Betz. I know she and the rest of our passionate board will continue working hard to make a difference in the lives of our local kids.

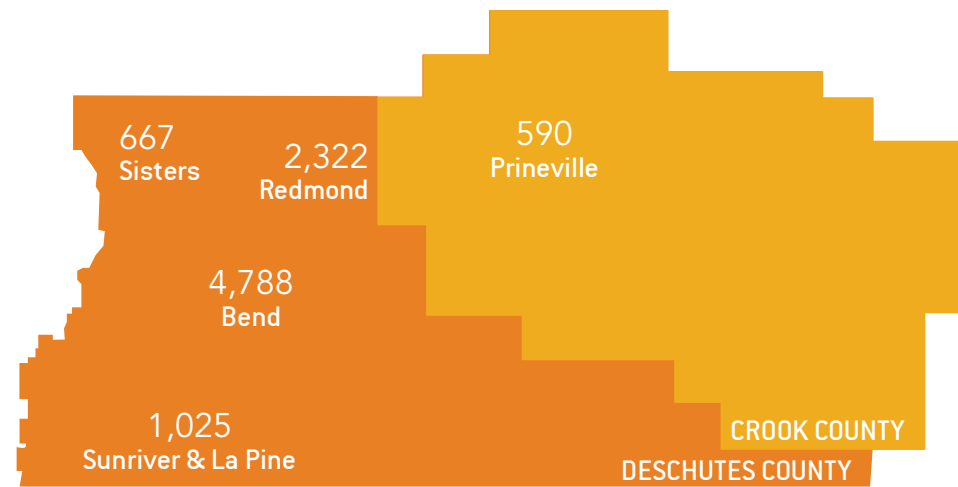

Best,
Valerie Yost

FAN VISION:

A community where children flourish and families thrive.

IN THE WORDS OF A PARENT:

"The FAN advocate here is amazing! They are always willing to help with my needs if they can."

"Our advocates are great people! They are angels on earth. They treat me with love, respect, and dignity."

"She has truly helped my family - without her we would be homeless. She has gone above and beyond."

"I think about where I was before FAN's assistance compared to where I am now - a world of difference."

"Our FAN advocate is very kind and helpful. They use all of their resources to solve problems."

"FAN has helped our family tremendously! It is an amazing program."

"It's such a blessing to have support."

100% of families surveyed reported that FAN improved their lives.

FAN MADE A DIFFERENCE

LILY'S STORY

Lily has been described as independent, positive, and resilient. She is also a homeless teen who receives no help from her family. Lily works almost full-time to cover the cost of renting a room, food, and putting gas in her car, all while holding down a 3.9 GPA. Lily's FAN advocate helped her sign up for food stamps and the Oregon Health Plan, which helped, but she was also in desperate need of new tires for her car, which was not safe to drive and which she needed to get to school and work.

The FAN advocate helped Lily apply to The Glen Gives, a local program which assists those in need. When her FAN advocate told her that the application for new tires had been approved, Lily was overjoyed and exclaimed, "I just LOVE good news!" With the help of FAN and the community, Lily's hard work is paying off and she's on track to graduate next year.

"FAN is one of the best things our kids have going for them. Our advocates are outstanding and serve with passion and grit."

- Mike McIntosh
Superintendent, Redmond School District

COREY'S STORY

Corey, a kindergartner, came into a FAN advocate's office one day with the sole of his shoe falling off. The advocate called Corey's mom to ask if she could give him new shoes. The mom said yes and explained they had tried to repair the shoe with glue, but it must have come apart. She was embarrassed, but had no other shoes for Corey and had no money this month to buy new ones. She considered having her son stay home from school, but Corey really wanted to go that day because of a fun activity happening in his classroom.

The advocate assured the mom that FAN had shoes on hand and found a pair in Corey's size. The mom ended up relieved, thankful, and less embarrassed. While Corey pranced around in his new shoes, his mom talked to the FAN advocate about other vital resources available for their family.
